PRICES ARE SUBJECT TO CHANGE

Many outside forces effect our production costs and may change the prices currently published in the catalog. We recommend that you request a quote of the current price before submitting an order.

QUOTES

We require quotes to be done for any custom orders. Once the quote has been approved, the order will then be started. Please allow 2-4 days for a quote. Due to the inflation, quotes are only valid for a period of 14 days after the date on the Quote.

CANCELLATIONS

After your order is in design or proofing stage, your order is considered to be in production and is not able to be canceled or refunded without some charges applying.

UNDERS / OVERAGES

The industry standards to produce printed products are allowances for over or under runs of the product. Our margins for over or under runs are between a 5% - 8% margin depending on the actual quantity. Please be prepared for this and plan accordingly. The customer is responsible for the additional costs for over runs and will be credited for under runs.

SHIPPING / FREIGHT

We currently ship all packages via UPS. Shipping charges will be charged. R&L Carriers is currently used for all of our skid freight shipments. Call for Freight quotes.

CLAIMS

All defective or damage pieces must be reported within 30 days for credits to be applied. If claim is not filed within 30 days of invoice date, Gold Star Printing will not be held liable and no credit will be available.

Not seeing what you're looking for?

Give us a call, we can print it for you!
This catalog is just a small showcase of what we currently have to offer as our standardized products.

Full Service Mail House

We are a full service mail house provider. We are able to design, print, prepare, and send your mail all under one roof. We know what a pain it can be to prepare and send hundreds of pieces of mail without the proper software and taking it to the post office for delivery, so we invested in the proper equipment and software to do it for you. And in most cases for the same amount of money or less than if you would have done it yourself.

First Class

We can do First Class Bulk mail, which will be the quickest but also the most expensive. We recommend using this when you are running tight to a deadline and need your clients to have the mail piece as soon as possible. In order to qualify for First Class Bulk Mail you will need a minimum of 500 pcs. We are able to send your mail First Class for pieces under 500 via metered mail imprint, just not by bulk mail. This is typically still cheaper than if you would do it yourself

Marketing Mail

Marketing mail also referred to as Standard Bulk mail, is the most widely used service for your advertising, services or marketing mailing. It is an inexpensive way to reach your potential clientele and let them know what you are offering. Just be aware of when to use this type of mailing. Not recommended when there is a deadline to reach that is less than a month out as this type of mailing can take up to 2-3 weeks to get there depending on the schedule of the United States Postal Service.

EDDM

EDDM or Every Door Direct Mail is the most inexpensive way to mail your literature. This is a great way to broadcast your service to an entire zip code or city. You will need to contact us to see how many residents live in the zip code you intend to do your mailing. Most zip codes are divided up into multiple routes and you will need to distribute to an entire route or zip code depending upon the size. You will not need a mailing list as this sends all your pieces to that entire city or route.

Hang Tags

Call for quote

Hang tags are a great way to brand your products and provide product information:

Hang tags can include important details about a product, such as its materials, care instructions, country of origin, and pricing. This information can help customers make informed purchasing decisions.

Highlight product features: Hang tags can also be used to draw attention to specific features or benefits of a product, such as its sustainability, unique design, or special functionality.

Convey brand identity: Hang tags can feature a retailer's branding or logo, helping to reinforce the company's image and message in the minds of customers.

Enhance perceived value: Hang tags can be designed with high-quality materials including waterproof plastic as well as unique shapes and sizes, which can enhance the perceived value of the product and make it stand out on the retail shelf or in the lot.

Encourage repeat purchases: Hang tags can include promotional messages or incentives, such as discount codes or loyalty program information, that encourage customers to make repeat purchases in the future.

Roll Labels

Terms & Conditions

Designing & Typesets

We charge \$85 per hour for designing and typeset unless otherwise specified. We charge \$25 for scanning your products per item and creating an electronic file. There may be additional charges for editing customer supplied files for printing.

Lead Times

We try to send our products out within 2 weeks of placing the order for all in house printed products. All other products depend on the manufacture.

All prices are without shipping. Actual shipping costs will be charged and we try to have most products drop ship directly to your facility that we possibly can.

Proof Guidelines

We require a PDF proof of your print product. We can send one either via mail, fax, or email. Paper proofs are free. There will be actual Proof Fee charges for all physical production proofs. Change made after proof approval will have a \$20 Proof Change Fee and if changes are made after product is completed, customer will be required to pay the full price of the product.

We are not responsible for errors on finished product if you decide to not have a proof or after proof approval.

Artwork

We accept print ready files that have been designed by another design firm. All print ready files are considered to be High Resolution PDF files. All files must meet the required bleed and margins required for printing. There will be additional charges if PDF files do not meet the required press specs. All artwork can be sent to: orders@goldstarprinting.us or uploaded to our FTP site. If adjustments have to be made to your pre-designed artwork, additional charges will incur.

If you need us to modify any artwork, we require one of the following file types.

- Adobe Indesign
- Adobe Illustrator
- Adobe Photoshop
- ***We do not accept any Microsoft Word, or Publisher documents. These programs do not produce High Resolution files for Quality Prints***
